Pages

Subject **The Public Authority for Industry - Kuwait.**
International Conformity Certification Program (ICCP).

Dear Mr. Tasdemir,

Please find enclosed the new Statement for Registration R-204098.
Also enclosed is the invoice with applicable PAI ICCP-fees.
We will send the original documents by regular mail.

**Applied cable 05VV-F is not regulated if the cross section is outside the
scoop of IEC 60227-5 and should not be registered or inspected.**

Please note that the verification review date for the registered products relates to the validity of submitted test documentation. The Statement for Registration, with its registered products, is however subjected to annual renewal. The expiry date is noted on the top of the pages.

A completed Request for Certification and a copy of the Statement for Registration must be sent to the PAI Country Office together with full details of the shipment to get a Certificate of Conformity before exporting to Kuwait. This is required for each shipment. Please visit the web page www.pai-iccp.com for the PAI Country Office contact details.

We remind you that the Statement for Registration in no way reduces your full responsibility for your products exported to Kuwait.

Yours sincerely,

Regional Licensing Centre
Europe, Middle East and Africa

Ulf Hedlund
Technical Coordinator
